SYMPATHY FOR CUBA

Two Monster Meetings Held In Chicago.

SERIES OF RESOLUTIONS ADOPTED

The United States Government Asked to Recognize the Cuban Insurgents as Believers in Their Heroic Struggle to Secure For Themselves the Blessings of Independence and Liberty.

CHICAGO, Oct. 1.—As much of the population of Chicago as could find entrance to the auditoriums of Central Music Hall and the Y. M. C. A. buildings last night, shouted itself hoarse in approbation of a series of resolutions in which the United States government is asked to recognize the Cubans as believers. Such genuine enthusiasm has seldom been witnessed in this city, and on no occasion were words spoken by men more full of the heart and soul than the speakers.

Mayor George B. Swift presided at the main meeting in Central Music Hall, while Judge William A. Vincent was chairman of the overflow meeting in the association building. The 75 vice presidents who occupied seats on the platforms were chosen from among the leading business men of the city, and each of them had previously expressed himself as in full accord with the object of the meetings.

Before the speaking began, copies of telegrams from a number of gentlemen who could not be present, were read. The first of these was from Governor John P. Altgeld, and its ringing words called forth cheer after cheer. Other telegrams were from Congressman George E. Adams, Senator Wilkinson of Florida and George R. Peck.

The representatives of the various organizations which had selected committees to co-operate in making the meetings a success, were distributed between the two. Among these were the presidents with committees from the following organizations: Loyal Legion, Confederate association, Grand Army of the Republic, Naval veterans, Society of the Sons of the Revolution, Illinois State Federation of Labor, 25 local laboring organizations, Standard club, Marquette club, Kenwood club, Banjers club, Oakland club, Illinois club, Menoken club, Italian residents, Scandinavian, German, Bohemian, Irish, Greek and African societies.

All of the speakers addressed both meetings. They were: Rev. F. W. Gensauls, W. J. Hines, Rev. P. S. Henson, John Mayo Palmer, Thomas B. Bryan, William E. Mason and E. B. Sherman.

When Gonzales de Quesada, secretary of the Cuban revolutionary party of the United States, and Q. A. Zayas, another prominent Cuban, stepped upon the platform at Central Music Hall, the enthusiasm of the audience knew no bounds, and it was some minutes before order was restored.

At this meeting, Eugene Kaueffer played for the first time in public, his new march, "Cuba Libra," introducing the Cuban national air.

The Rev. Dr. H. W. Thomas read the resolutions, which were adopted as by one mighty voice. They were as follows:

We, the citizens of Chicago, gathered to express our deep sympathy with the Cubans in their brave struggle to secure for themselves and their condition the blessings of independence, liberty and self-government, present the following:

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights—among these are life, liberty and the pursuit of happiness—that to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed. That whenever any form of government becomes destructive to these ends, it is the right of the people to alter or abolish it, and to institute a new government, laying its foundations on such principles and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness.

Prudence indeed, will indicate that governments long established, should not be changed for light and transient causes; and accordingly all experience has shown that man is more disposed to suffer, while evading an affliction than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism it is their right, it is their duty to throw off such government and provide new guards for their future security."

This historic declaration made by the founder of our republic on July 4, 1776, was true then and is true today. For many unhappy years the Cubans have been most shamefully oppressed and cruelly burdened until the yoke of Spanish rule has become intolerable. If the fathers of American independence were justified in casting off the oppressive dominion of Great Britain, the Cuban patriots of today have far greater justification for their attempt to overthrow the tormenting, impoverishing, heartless tyranny of the Spanish government.

We desire ably to express our indignation that in this year, 1895, the spectacle is presented of shiploads of soldiers sent 3,000 miles across the ocean to America, "the land of the free," to shoot down in cold blood a courageous people who simply desire to govern themselves.

Our indignation is further aroused at the unspeakable cruelty of the Spaniards toward the Cubans in this struggle. Death seems to be the penalty meted out to all Cubans captured under arms, and even those furnishing medicines to the so-

called rebels are to be ruthlessly shot. We are glad to notice that the course of the Cubans appears to be more humane and we take this opportunity of congratulating them upon the remarkable progress they have made in spite of the terrible odds against them.

We believe it to be the privilege and duty of the United States government to recognize the rights of the Cuban revolutionists as belligerents as soon as practicable, on being so requested by competent Cuban authority, in accordance with international law. Such action of our government we deem due to the Cubans and to the cause of universal liberty.

While disavowing all bitterness of feeling on our part towards the people of Spain, we nevertheless believe that it is our duty and privilege at this time, as citizens of this free republic, thus to express our heartfelt sympathy with our Cuban neighbors living upon an island which nature has made a paradise but the cruel methods of the Spanish government have done much to despoil. We respectfully urge our fellow citizens throughout this country to assemble in mass meetings to diffuse information, and thus arouse, or rather deepen, the sympathy of our people with the Cubans in their heroic attempt to cast off the yoke of oppression, and to achieve that independence and freedom which are the great highways to happiness and prosperity.

We also urge the press and the pulpit and also with voice and prayer to continue their help to the righteous cause of the men who are bravely fighting for home and native land.

We respectfully, but urgently, appeal to the citizens of all the republics in the three Americas to give emphatic expression to their sympathy with these struggling people who are making such a gallant fight for that independence from the European rule which the other nations of the new world have already secured.

It is further resolved, that the organization which arranged for this gathering be requested to take charge and continue the good works so auspiciously begun this evening.

The message sent by Governor Altgeld was as follows: "It is time that Spanish misrule, Spanish brutality and Spanish outrages should be driven from the American continent. The nations have long asserted the right to interfere for the purpose of suppressing any practice that shocks the moral sense of the civilized world, such as cannibalism and the slave trade, yet the cannibals do not torture their victims and do not indulge in wholesale slaughter, while in Cuba the torture is fiendish and the butchery continues. We must end these horrors or else talk less about our Christian civilization. Besides, when viewed from a geographical and political or a military standpoint, Cuba should be ours. Let our country first extend recognition, then a helping hand and lastly a place in the Union. This done, the richest island of the world will soon become the gem of the seas."

Senator Culom wired: "The people of the United States strongly sympathize with the Cubans struggling to be free from Spanish domination. Our government should do everything consistent with national honor in their behalf."

General Alger, in a message, said: "It seems to me that what had been previously done by our government, so clearly defined by President Monroe above quoted, concerning the belligerent rights of those countries, should now be granted to Cuba. She has made a magnificent struggle for liberty; has formed a provisional government; has been victorious in many hard fought battles with every advantage against her, save that she is right. I trust and fully believe she will win her independence."

SERIOUS STRIKE THREATENED.

Dissatisfaction Among the Employees of the Illinois Steel Company.

HAMMOND, Ind., Oct. 1.—Steps were taken yesterday by the employees of the Illinois Steel company which is likely to cause a serious strike. For some time the company has been trying to introduce the "tag and clock" system in timing its men. Yesterday committees from the various plants operated by the company met and entered into an agreement to fight the system until it is either abolished or greatly modified.

The terms of the agreement were not made public. In substance it demands that the tonnage men be paid on an equal footing with the hour men and compelled to work under exactly the same rules, the claim being made that if this is done there will be no need of tagging anybody. The company has plants in South Chicago, Bridgeport, Lakeview, Milwaukee, Joliet and this city, and employs in the aggregate about 10,000 men. Should they all go out it will make one of the biggest strikes of the year.

BOLD BURGLARS.

They Ransack a House and Cook Themselves a Meal.

MUNCIE, Ind., Oct. 1.—Two bold burglars were committed last night. James Sprankle's mansion was entered through a window, and a pair of pinchers turned the keys, opening doors throughout the house. Two very valuable gold watches and some money was taken, but one watch, valued at \$300, and diamonds were not found. Before leaving, the men cooked a meal in the kitchen, serving it in fine style in the dining room.

Senator O. N. Cramor's residence was ransacked last night also. A gold watch and some money was secured.

CONSTANTINOPLE, Oct. 1.—A body of Armenians have made a demonstration against the authorities in this city and the police attacked them and killed and wounded some of their number, and arrested many of them.

CHINA WILL NOT FIGHT

She Makes Concessions to England's Demands.

BRITISH ULTIMATUM AGREED TO.

Viceroy Liu Deprived of Office, Never to Be Employed Again, and Other Officials to Be Punished For the San-Chuen Riots. For the Present, at Least, War Has Been Averted.

WASHINGTON, Oct. 1.—Minister Denby cabled the state department from Pekin yesterday as follows:

"Imperial decree issued. Responsibility for Sze-Chuen riots rests with officials. Viceroy Liu careless; took no notice of beginning of the riots. He is deprived of office, never to be employed again. Other officials to be punished."

This would seem to indicate that the crisis impending in China involving a naval demonstration by the British forces has been averted for a time at least by a compliance with the principal demands of the British.

Viceroy Liu, whose fall is announced, has been in trouble before. It is understood that he was found guilty last November of misappropriation of funds, and later on, because the French investigation showed that he was responsible for the Cheng-Tu riots, he was obliged to pay an indemnity of \$800,000 to the French Catholic mission from his own pocket. The present conclusion which has been brought about apparently by British threats, will not involve the abandonment of the independent investigation into the Cheng-Tu riots which has been ordered by Secretary Olney.

The News Confirmed.

LONDON, Oct. 1.—A dispatch from Pekin to Reader's agency confirms the news given out by the British foreign office, that a decree has already been published in the Pekin Official Gazette, ordering that Liu, viceroy of Sze-Chuen, be stripped of his rank for failing to protect the missionaries in his district and that he be not permitted to again hold office.

The same dispatch adds that the French minister to China yesterday demanded reparation for mission outrages of French subjects.

China Meets All Demands.

LONDON, Oct. 1.—The government has just received information that China has yielded to the pressure of the British ultimatum by degrading the viceroy of Sze-Chuen and according in full the other demands of Great Britain.

The Reason For Delay.

WASHINGTON, Oct. 1.—The reason for the delay in organizing and sending forward the American commission to Cheng-Tu has just transpired. It arose from the insistence of our state department upon sending the commission overland instead of up the Yang-Tse river. The Chinese government was extremely unwilling to have the journey made in this fashion, while they had no objection to sending the commissioners up the river in a steamboat. As the department felt that the passage of the commission overland through the breadth of China, accompanied by a formidable escort, would have a most salutary moral effect upon the Chinese, resembling as it would a demonstration of force, the point was insisted upon and it is felt that a substantial advantage has been gained by the concession.

HER HUSBAND MADE THREATS.

The Building Burns and One Man Is Cremented in Chicago.

CHICAGO, Oct. 1.—E. Marks is believed to have lost his life and three women had narrow escapes from being burned to death in a fire which was discovered shortly after 2 o'clock yesterday morning in the building at 149 Halsted street. The names of the women are Bertram Meyers, Lizzie Disdey and Lizzie Marks. All three were carried to the street by the firemen.

William Wilson lived in the second story with his family and Mrs. Wilson told the police that her husband had threatened to set fire to the building. The officers have been unable to locate Wilson. Marks is also missing, and as he was known to have been in the building shortly before the fire was discovered it is believed that he was burned to death.

Recommended the Whipping Post.

WASHINGTON, Oct. 1.—Immediately preceding the discharge of the grand jury here yesterday by Judge Bradley, a written recommendation was submitted to the court favoring the establishment of the whipping post in the District of Columbia for the punishment of wife beaters and other petty criminals. It was signed by the foreman and 15 jurors. Judge Bradley commented briefly on the recommendation and said that he thought such a method of punishment would be productive of good results.

An Early Morning Fire.

WARSAW, Ind., Oct. 1.—Fire destroyed the home, barn, crop and machinery of Silas Lamb, near here, at an early hour yesterday morning. Loss, \$9,000; no insurance. The family had a narrow escape from cremation, and is lost destitute.

Cyclonic Disturbance.

HAVANA, Oct. 1.—The cyclonic disturbance has recurred in the central part of the Gulf of Mexico and is likely to enter the United States through New Orleans and Apalachicola.

EX-SENATOR MAHONE PARALYZED. His Physicians Think There Is but Slight Hope of His Recovery.

WASHINGTON, Oct. 1.—Ex-Senator Mahone suffered a stroke of paralysis

at an early hour

yesterday morning at his room

at Chauberlin's hotel.

His physi-

cian, Drs. Baker

and Wales,

have been con-

sulting and say

his chances of

recovery are

very doubtful.

The relatives of

the ex-senator

have been sum-

moned from Vir-

ginia by tele-

graph. The en-

tire right side of

the sufferer is

paralyzed, including the right arm and

leg. He is unable to speak except a few inarticulate sounds. He has main-

tained consciousness, however, and

seeks best he can to assist those who

are administering to his wants.

The exact time Mr. Mahone was

stricken was in doubt.

Up to 12 o'clock

Sunday night he was

in excellent health

and spirits had

given no intimation

of feeling unwell.

No sound was heard

from his room after he retired.

At 10 o'clock

yesterday morning Mr. Long,

manager of the hotel, went to the gen-

eral's room to call him.

He found that

he had been vomiting and was unable

to speak. This last feature was at-

tributed to exhaustion incident to the

vomiting, and for a time no significance

was attached to the general's failure to

walk.

Dr. Wales arrived shortly after-

wards, and with Dr. Baker took charge

of the case.

General Mahone appeared to be suf-

fering no pain.

By motions of his head

and a few faint sounds he made his to-

sires known.

Mr. Edmund Wadid, 1,

the senator's secretary, was with him,

and at the senator's request notified the

members of the family to come.

Generally fair weather, slightly warmer.

Mr. JAMES E. CAMPBELL, in response to the calls upon him, has announced himself as a candidate for Representative, subject to the action of the Democratic party. He is one of the leading farmers of Lewisburg precinct, and is a gentleman who enjoys the esteem and confidence of all who know him. A man of sterling worth, conservative in his views, the party certainly would not make a mistake in naming him for Representative.

Ohio Democrats opened their campaign Saturday night with a record-breaking meeting at Columbus. The crowd is estimated at 50,000. The Cincinnati Tribune, a Republican paper, stated that the Cleveland and Hendricks rally in 1884 is the only one that approached it. Buckeye Democrats are pulling together this year and the Republicans are already scared. They are afraid of Jimmy Campbell, because they know he's a fighter.

KENTUCKY EDITORS.

Their Trip to Hopkinsville and Atlanta a Delightful One.

[Correspondence of the BULLETIN.]

ATLANTA, GA., September 27th.
The press of Kentucky are being royally entertained. The hearts and homes of the hospitable Southerners are wide open, and nothing is being left undone which could in any way add enjoyment or give pleasure to the members of the K. P. A.

These annual meetings are capable of two things, viz: making the man of the trip feel good, and causing him to realize the power which, as a pusher of the pencil, he wields. From the time of departure last Monday morning till arriving here the trip has been replete with spicy incidents, and full of foundations for many good articles. It is meet and right to say complimentary things of the great system known as the L. and N. R. R., a big corporation catering to a large number of people and traversing a tremendous area of territory. The outlay and expense is enormous, but the feeling of reciprocity prevails, and a generous public by travel and assistance repays the fund and that with profit. Interest to allow a handsome dividend on common and preferred stock. The courtesies and attention of this system of railroads to the boys of the press are kindnesses which shall cause the praises of this grand company to be sung from one end of Kentucky to the other. Indeed, no words are adequate to convey to the reader the many little acts which gave pleasure to the guests during their sojourn, not only in Hopkinsville, where the annual press convention was held, but beyond even to the objective point, "on to Atlanta."

We had the pleasure of seeing Mrs. Mary Clegg Cantrell, chairman of the Women's Committee, from Covington. Mrs. Clegg was not a formal recognition, but a cordial acknowledgement of our presence, extending at the same time well-worded assurances of the pleasure it gave her to receive us. Mrs. Eugenia Dunlap Potts will deliver an address on Kentucky Day which occurs on the 16th of November—a bright star in the galaxy of bright, attractive witty women halling from Lexington, Kentucky. Mrs. Emma Walker Herr and Mrs. Deshields Stephenson are also placed among Kentucky's solid, high-minded women and ladies of great merit. These deserve the praise and compliments given by the press, for their interest and zealous efforts are not an experiment, but will be in the end a grand success. Kentucky should be proud of her women, proud to acknowledge their worth as workers in a right cause. With this end in view none will be disappointed but all should feel safe with them at the helm.

We hope to be able to attend the next annual convention, for such a pleasure as this gives should not be denied anybody. All we ask is the health, happiness and success of the Press Association. *Aut vincent aut morti.*

MR. EN. McDONALD, of Springdale, is seriously ill.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

STRAYED—From my farm on Tuesday last, a black Boar Dog with white face, left ear punched. Weighs over 200 pounds. Liberal reward offered for his return or for information of him. A. R. GLASCOCK.

DEMOCRATS OF MAYSVILLE,

You Must Register To-day if You Wish to Vote at the November Election.

The annual registration of voters in cities of the fourth class occurs to-day.

Maysville is in this class, and if you wish to vote at the November election or at any other election during the ensuing twelve months, you must register to-day. There is no getting around this. It is an absolute requirement of the new law. Here are the places of registration in the various wards:

First Ward—Jacob Outten's shop.
Second Ward—Opera house.
Third Ward—Denis Fitzgerald's shop.
Fourth Ward—Geo. Pollett's shop, Third street.
Fifth Ward—Collins & Rudy's office.
Sixth Ward—Wm. Holliday's.

Voters should give their party affiliation, as this is necessary under the law to entitle one to participate in any primary election held by his party.

Democrats of the various wards are also asked to express their choice for member of the County Executive Committee.

Every Democrat in the city who has the interests of his party at heart should see that the full party vote is registered.

QUIETLY WEDDED.

Mr. George H. Brodt and Miss Lida St. Clair Ross Married at Georgetown, O., Last Sunday.

Mr. George H. Brodt, Superintendent of the Maysville shoe factory, and Miss Lydia St. Clair Ross, of Ripley, were quietly married last Sunday evening at Georgetown, O., Rev. Mr. Sears officiating.

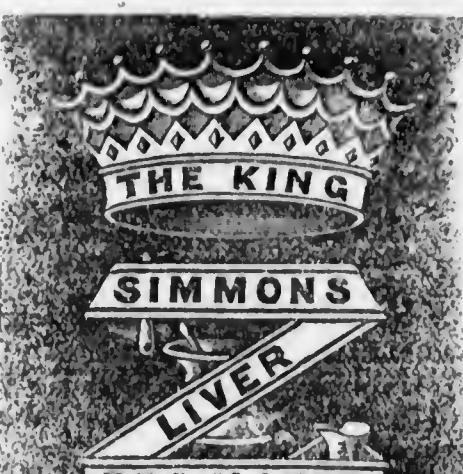

The couple have been devoted to each other some time. Sunday afternoon they drove out to Georgetown, procured the license and were united in marriage, the ceremony being solemnized at the residence of Editor Eylar, of the News-Democrat, a friend of the groom.

The bride is a daughter of Captain Morgan Ross, who is at present in charge of the steamer Hattie Brown.

Mr. and Mrs. Brodt will reside at 1234 East Second street, this city.

THE POLES Came Down.
MUNCIE, Ind., Oct. 1.—Councilman James Boyce, president and owner of the Heat, Light and Power company, caused two electric wire poles to be erected in objectionable places on the public square at midnight so that no objection could be made until the poles were up. Step were taken, and yesterday city employees cut the poles down, to the great surprise of citizens generally, because of Boyce's influence.

AN OLD GAME Revived.
CORYDON, Ind., Oct. 1.—A man came to Corydon Saturday and took orders for an encyclopedia. He canvassed in a carriage and appeared in great haste. After getting a few "orders" he left, and it turns out that the bank of Corydon has several notes of \$6.75 each on parties who thought they were only signing orders for books.

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the old friend to which the old folks turned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. ZELLIN & CO., Philadelphia.

Rev. E. L. Shepard, of Ashland, succeeds Rev. D. P. Holt as pastor of the Third Street M. E. Church, this city. Mr. Holt has no appointment for the ensuing year, as it is his intention to take a course of study in a theological school at Boston.

The full list of appointments is not at hand.

The conference will meet next year at Vanceburg, Pineville and Franklin wanted it, but our neighbor up the river won, by a vote of 40 to 24.

FREEZING WEATHER.

Another Heavy Frost This Morning. Colder Than it Was Monday Morning.

There was another heavy white frost this morning. It was four degrees colder than it was Monday.

Thermometers showed a temperature of 28° this morning, while 32° was about the lowest reported Monday morning.

In some sections of the county it is said about one-third of the tobacco crop is still in the field; other neighborhoods report about one-fourth or one-fifth of the crop out. This was badly frosted yesterday morning, especially that on low ground. The freeze this morning has damaged it so badly that the growers will not go to the expense of cutting and housing.

The cool wave was a general one, and killing frosts are reported in Central Kentucky.

The Cincinnati Reds Will Be Here Next Monday—A Good Team Will Face Them.

The last game of ball at the local park this season will be played next Monday afternoon.
